The Value Series is Our Response to the Low Cost Imported Stanchions!

MODEL VS301 - RETRACTA-BELT™ VS

This series contains many of the features as the **TRIED and TRUE** Model 300 RETRACTA-BELT™ which has become an industry standard for **PRICE, QUALITY and DEPENDABILITY.**

This post is a high quality stanchion sold "Flat Packed" in sets of 2 requiring easy assembly. High manufacturing quantities, reduced packaging, shipping & assembling have **DRIVEN DOWN THE COST.**

Available Models

- Model VS301 SB BK - Black painted finish
- Model VS301 PA BK - Polished aluminum

All are standard with black ABS scuff proof base cover, floor protectors and black belt.

VS Features

- 2" high black belt - Extends from 0 to 76"
- E-Z Back™ mechanism allows belt to retract slower and safer
- Built-in adapter to accept sign frames
- 2.5" O.D. heavy gauge aluminum poles with black painted or polished aluminum finish
- Built-in 3 way adaptor allows for attachment of belts from any direction
- Universal belt clip allows integration with many other manufacturers units
- Built-in manual locking clip
- 14" diameter base with built in rubber floor protector and black ABS scuff proof base cover on both posts!

Specs

- 40" post height, 2.5" diameter post, 21 lbs each
- 47 lbs shipping weight (Packed 2 per box)
- Flat packing reduces shipping costs and omits the additional "UPS" double boxing charge

To Order Specify:

VS301	SB or PA	BK
Model #	Finish	Belt Color

SOLD 2 PER BOX, FLAT PACKED, SIMPLE ASSEMBLY REQUIRED (NO TOOLS NECESSARY)

Threaded brass plug for easy sign frame attachment. No adapter necessary.

All stainless steel hardware eliminates rust potential.

Precision stainless steel spring is heat-treated to last

New high impact polycarbonate material eliminates breakage from customer abuse. Same material typically used in bulletproof panels.

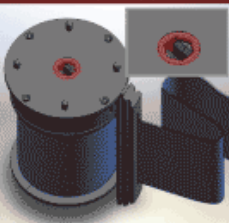

Revolutionary New Brake

- ▶ **Safest retraction speed.**
- ▶ Patent pending rotary damper technology ensures **safe, controlled retraction of belt** at any length.
- ▶ First U.S. stanchion to utilize rotary brake technology.
- ▶ Rated over 250,000 cycles.

New aluminum post available for indoor/outdoor use. Steel posts are still available.

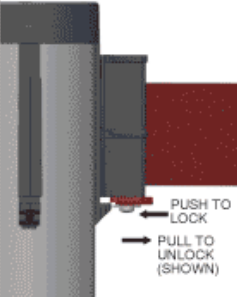

Hex Drive Spool / Spring

- ▶ **Increases lifespan of the overall product.**
- ▶ New hex shape drive connection **increases strength over 50%.**

High strength, tightly woven belt material holds up to the elements without fraying or puckering. The same heavy duty belt is used on all models.

New Belt End & Lock Design

- ▶ New ergonomic shape with round edges **increases product safety.**
- ▶ New noticeable red **slide action lock.**
- ▶ Connects with all major competing stanchions.
- ▶ Double stitched belt loop **improves durability.**
